EXTRACURRICULAR ACTIVITY PARENTAL TRANSPORTATION RELEASE FORM

- Perkins High School rules require that students travel to and from extracurricular activities with their group when transportation is provided by the school district.
- In order to depart from this requirement, a parent or guardian must file a transportation release form with the PHS front office no later than one day prior to the extracurricular activity in order to be released to parents for transportation purposes.
- These release forms will be handled on an individual basis and must be approved by the Principal prior to the extracurricular activity. Convenience will not be a reason for approval.
- This form must be signed by the student's extracurricular activity advisor or teacher before being submitted for approval. The principal will not sign any form that the advisor/teacher has not signed.
- This form must be signed by the principal prior to departure for the activity/event.
- The decision reached will be final.
- The front office will return the completed and signed form to the student. The student must retain this form and give it to their advisor/teacher on the date requested for alternative transportation.
- A student will not be permitted to drive his/her own vehicle, or to transport other students to and from his/her extracurricular activity, when school transportation is provided.
- This form will release Perkins Local Schools from all liability from any adverse results that may occur.
